A separate Munsiff's court for Pavagada.

Mr. Anjaneya Setty, Pavagada taluk.

Summary of Representation.—The courts of the Munsiff and of the first Class Magistrate exercising jurisdiction over this taluk are about 60 miles from its remotest frontier. The appointment of a Munsiff to this taluk, with 1st class magisterial powers is prayed for. If this be not possible, the Munsiff's as well as the 1st Class Magistrate's courts may be ordered to be held at the Pavagada headquarters for seven days in a quarter to dispose of the cases of the taluk there. This will obviate the great inconvenience now experienced by the taluk people to attend the courts at Maddagiri.

SUBJECT No. 821.

Water-pipe connection.

Mr. Abdul Rahman, Bangalore City Municipal Council.

Summary of Representation.—Water-pipe connection may be extended to small houses, the tax of which is not more than half the tax prescribed in the Regulation.

There are many poor families, specially among Mahomedans, who possess small houses and who are not in a position to pay the tax prescribed by the Regulation for taking water connection into their premises. Their *ghosha* system also prevents them from going out to bring water from public fountains. It is therefore prayed that a modification may kindly be made in the existing Regulation permitting pipe connections for houses fetching half the amount of taxes and at the same time reducing proportionately the quantity of the free allowance of water.
